This West Bishop home has everything you have been looking for. Plenty of space for the entire family to spread out in this 2,100 square foot, four bedroom, two and a half bath home. Formal living room and open family room, kitchen and dining area enable significant options for living arrangements. The kitchen has been remodeled with both form and function in mind. Additional outdoor living includes a covered porch, built in dining, a chicken coup, and raised garden beds. The 3 car garage includes a shop and additional space for RV or boat parking. This home is extremely efficient with a full solar system, two cooling sources and three heating sources. With mountain views from your covered front porch this is a tremendous value in the Bishop area.
